

## COPYRIGHT

This Website of the 2005 Body Builder's Guide was produced for the DaimlerChrysler Corporation. The product contains Adobe Acrobat® software with structuring, formatting and design features. Permission to print and distribute content from this product must be through the approval of DaimlerChrysler Corporation. Duplication or replication of this Website, or copying its instructions and design for use on future Websites or other products is absolutely prohibited without written permission from DaimlerChrysler Corporation, and Adobe.

Adobe®, Acrobat®, and the Acrobat logo are trademarks of Adobe Systems Incorporated or its subsidiaries and may be registered in certain jurisdictions.

This Body Builder's Guide includes specifications and designs intended only to provide basic data regarding such matters as dimensions and weight rating of Dodge trucks. The information is general and should not be regarded as providing specific or comprehensive instructions for completion of a particular vehicle or as authorization by DaimlerChrysler Corporation of the assembly, modification or alteration of any particular vehicle, whether delivered by DaimlerChrysler Corporation in complete or incomplete state of manufacture. Representations regarding the compliance of any DaimlerChrysler Corporation manufactured incomplete vehicle to any rule, regulation or standard issued pursuant to the National Traffic and Motor Vehicle Safety Act are set forth only in the Incomplete Vehicle Document which accompanies each incomplete vehicle.

## DISCLAIMER

DaimlerChrysler Corporation reserves the right to discontinue models or change specifications or designs at any time without notice and without incurring any obligation. Regulations such as those issued by the Federal Highway Administration or issued pursuant to the Occupational Safety and Health Act (OSHA), and/or state and local laws and regulations may require installation of additional equipment for the particular use intended for the vehicle. Nothing contained herein is to be construed as a representation that such equipment required for the particular use intended has been installed on the complete or incomplete vehicle.
