

2014/2015 Ram Trucks (<= 10,000lb GVWR) Available For Hyrail Application

Foreword

The following section shows new information for 2014/2015 Ram Trucks that are available for Hyrail upfits. Working with the National Truck and Equipment Association, Ram Truck Engineering upfitted trucks with industry standard wheels, tires, and Hyrail upfits and tested them for conformance to Federal Motor Vehicle Safety Standard (FMVSS) 126. The table below lists the combinations that would pass the FMVSS 126 requirements if equipped as specified. Ram Truck Engineering has not conducted any other testing of Hyrail upfits.

RAM Trucks <= 10,000 lb GVWR Available for Hyrail Applications

	Engine	Trans	Rear Whls	W. Base	Cab	Box	Box Off Avail?	GVWR (lbs)		Tire Set 1	Tire Set 2	Tire Set 3
								4x2	4x4			
2500 Pickup	5.7L 400lb-ft @ 383hp	66RFE	SRW	140.5	Reg	8'0"	Opt	9,000		Michelin XZE 245/70R 19.5 Load Range H	Goodyear G647 RSS 245/70R 19.5 133/132L Load Range G	Goodyear G622 RSD 245/70R 19.5 Load Range G
				149.5	Crew	6'4"		9,000				
				160.5	Mega	6'4"	N/A					
				169.5	Crew	8'0"	Opt					
	6.4L 429lb-ft @ 410hp			140.5	Reg	8'0"	Opt	10000 / 9,900*				
				149.5	Crew	6'4"		10000 / 9,900*				
				160.5	Mega	6'4"	N/A					

	Engine	Trans	Rear Whls	W. Base	Cab	CA	GVWR (lbs)		Tire Set 1	Tire Set 2	Tire Set 3
							4x2	4x4			
3500 Cab Chassis	5.7L 400lb-ft @ 383hp	66RFE	SRW	143.5	Reg	60	10000 Opt		Michelin XDS2 245/70R 19.5 136/134L Load Range H	Goodyear G647 RSS 245/70R 19.5 133/132L Load Range G	Goodyear G622 RSD 245/70R 19.5 Load Range G
				172.4	Crew						
				143.5	Reg						
	6.4L 429lb-ft @ 410hp			172.4	Crew						

* 9,900 lbs GVWR is optional for Canadian Market only

All trucks tested to the payload requirements specified in FMVSS 126.

All Models Tested with Industry Standard Accuride Wheels - (Track width appropriate to US specification Railroad Rail spacing)

- It is the responsibility of each Hyrail upfitter to ensure ongoing conformance or certification with any applicable safety or emissions standards, regulations or laws.
- **Hyrail Upfitted Vehicles Should NOT Exceed GVWR (Gross Vehicle Weight Rating) and Front and Rear GAWRs (Gross Axle Weight Ratings) as shown in the Model Lineup (Job Rating Chart) section of the 2014/2015 Dodge Truck Body Builder's Guide.**
